

Reid Hanson
Full Stack Web Developer

reidhans@buffalo.edu | (315)-530-0242
github.com/rh1456 | www.linkedin.com/in/reid-hanson

Goal oriented full-stack developer, with proven willingness to reach outside my comfort zone. Immersed myself in a foreign country in order to work towards my goal of Spanish fluency while developing custom-tailored curricula for business professionals. Learned full-stack technologies through building over 30 web applications.

Relevant Experience

Suncoast Developers Guild | St. Petersburg, FL

October 2019 - January 2020

Immersive Full Stack Web Development Program

Suncoast Developers Guild is a three-month immersive full stack web development program in St. Pete, Florida. SDG teaches object-oriented programming through project-based learning.

Projects:

Doggo Capstone Project :

- Built a React front-end and .NET Core back-end dating style app that helps users' dogs find Playments.
- Matches users utilizing Entity Framework Core to determine common interests, energy-levels, and ages of users' dogs

Suncoast Overflow:

Developed a full-stack web page that recreated the features of the popular 'Stack-Overflow' website. Created an API using get, put, post, delete with ASP.NET, with a front-end built in React and making calls to the API.

React Minesweeper :

Recreated the popular desktop game with React.JS and utilizing AXIOS to make API calls to pull game board information for each level of difficulty to describe the position of the various mines

Technologies:

- HTML/CSS3/SCSS
- React.JS | React Hooks
- C# | .NET | ASP.NET | .NET Core | RESTful APIs | Entity Framework Core
- SQL | PostgreSQL
- Creating/Utilizing ERDs
- Git | Yarn | NPM | Gulp | Bootstrap
- GitHub | Slack

Extracurriculars: Open Code | Whiteboard Challenge |
