Junior web developer adept in full stack development. Experienced with all stages of the development cycle. Versed in multiple programming languages including Javascript, SQL, and C#. Strong background in team-oriented leadership and customer relations.

PROFESSIONAL EXPERIENCE

Full Stack Development Student
Suncoast Developers Guild, St. Petersburg, FL, Oct 2018- Present

Upcoming graduate of an immersive, high intensity and extensive developer program. Interactive classroom lectures and labs working directly with industry leading instructors.

- Logged 55+ hours per week building HTML, CSS, Javascript, and C# applications individually and as part of a team.
- Coursework in object-oriented programming; developing, testing and debugging code; and designed interfaces.
- Participated in meetups and lectures outside of classroom hours in order to network with the developer community in the area.
- Individually developed a workforce scheduling web application rooted from my past personnel management experience. The ScheduleQuik app was created using React.js and C# on the .NET framework.
- Developed a working knowledge of industry standard workflow for creating software and web applications.

District Sales Representative
Cheney Brothers Inc. Food Service, Tampa, FL, Jan - Aug 2018

Fulfilled business needs,created solutions, and ensured a smooth service process.

General Manager
5 Napkin Burger, New York, NY, 2011–2017

Full service, upscale casual chain with sales of $4 – 8 million annually per restaurant. Miami Beach, Upper West Side, Ridge Hill, and Upper East Side locations.

- Successfully orchestrated two new store openings.
- Tested new POS technology and implemented the system company-wide; increasing quality output and delivering performance metrics.
- Hired and trained employees and managers throughout the company.

Assistant General Manager
News Café, Miami Beach, FL, 2009-2011

Assistant General Manager
Abokado Sushi, Miami, FL, 2007-2009
